

Context and objectives

Ireland's National Open Research Forum (NORF) has developed a *National Action Plan for Open Research* that outlines objectives and actions for the next chapter in Ireland's transition towards open research. It builds on a number of national policies and international recommendations, including the *National Principles on Open Access (2012)*, the *European Commission Recommendation on access to and preservation of scientific information (2018)*, the *National Framework on the Transition to an Open Research Environment (2019)*, and the *UNESCO Recommendation on Open Science (2021)*.

A draft version of the National Action Plan is available for download via [this link](#) (pdf).

This brief survey is being conducted to collect broad input on the National Action Plan vision, themes, goals and actions. Anonymised responses will be shared publicly as part of a summary of the consultation process.

The consultation period runs from 4 April to 6 May 2022 .

Data collection: This survey has an option to include name and contact information, but there is no obligation to do this. The data is being collected by Dr Daniel Bangert, National Open Research Coordinator. Responses will be kept on a Google Drive to which only NORF members have access.

In case of any questions, please contact Dr Daniel Bangert, National Open Research Coordinator (d.bangert@ria.ie).

* NORF plans to share anonymised responses to this survey publicly as part of a summary of the consultation process. Do you agree to sharing of anonymised responses?

Yes

No

NORF National Action Plan for Open Research consultation

General information

Please record your name or the institution/organisation you are responding on behalf of (if applicable).

* Are you responding as an individual or on behalf of an institution/organisation?

General information

* What is your primary role?

- Researcher
- Research support staff
- Librarian
- Policy Officer/Funder representative
- Other (please specify)

General information

* What category of institution/organisation do you represent?

- Higher Education Institution or other Research Performing Organisation
- Research Funding Organisation
- Research Libraries
- Publishers
- Scientific Societies or Academies
- Policy Making Organisation
- Research or e-Infrastructures
- Citizen Science or Public Engagement Organisations
- Other (please specify)

General information

The National Framework notes the need to attend to specific issues associated with the transition to Open Research as it affects, among others, the groups listed below.

* Are you a part of or a representative of any of the following groups?

- Arts and humanities researchers
- Early career researchers
- Researchers not in receipt of grant funding
- Publicly funded researchers with no formal institutional affiliation
- Small, independent, non-profit journals and publishers
- Learned societies
- Citizen scientists
- None of the above

Vision for open research in Ireland

* To what extent do you agree with the vision and themes?

Strongly disagree

Disagree

Neither agree nor
disagree

Agree

Strongly agree
